5. RELOCATION SERVICES

Our Relocation services, employee relocation, or workforce mobility include a range of internal business processes to transfer employees, their families, and/or entire departments of a business to a new location.

We as Allied Services, have been capable of doing both local, regional, and international relocation services. We pride in having a dedicated team, who are highly professional, and clean and strive to maintain the high standards that we endeavor to achieve. Moving overseas can be both intimidating and exciting. There is the prospect of seeing new places, becoming acquainted with people from different cultures, and learning customs different from those of your origin country.

Nevertheless, particularly for the person who has lived abroad before, there are understandable anxieties, especially about the safe handling of one's household possessions. The key to an uncomplicated international relocation is "pre-planning"-minimizing the uncertainty by reducing it to a series of manageable, scheduled events.

6. SUPPLY CHAIN MANAGEMENT

We are dedicated to providing our customers with cutting-edge solutions for their most complex logistics challenges. When working with our customers, we look at the entire supply chain because many times a little investment yields great rewards.

WHY CHOOSE US

- Our warehouse boasts museum-quality, climate-controlled storage space for commercial goods, high-value commodities, and household goods.
- Allied Services offers very secure, high-quality storage services you can trust.
- Our expansive storage facilities are equipped to handle any size of luggage for both resident and commercial storage needs.
- Our facilities are equipped with fire and theft protection systems and 24-hour security guards.

7. AIR TICKETING

In this age of online booking sites, using a travel agent may feel like going the way of the dinosaur. But agents are more useful than simply selling air tickets, holidays and safaris. At Allied Services Ltd, we still provide services and have knowledge that you just can't get online –and sometimes, especially in times of crisis, working with a real live person is just plain superior.

Allied Services offers you the best experiences that will lavish your memory with vivid colors and sights you will never forget from Ticketing to A Tour of any packages (Inbound and Outbound of Kenya) These include Family travel, Business travel, Honeymoon packages and many more. When you book with Allied Services Ltd, you can always find the best flights deals. Whether you're flying for business or leisure you will get various flight options and airfares to ensure you get value for money.

Book your **Flight Tickets** with Us

You can now book your flight tickets for any airline and to any part of the world through Allied Services.

OUR SECTOR EXPERTISE

Our sector-specific expertise spans multiple sectors and specialty areas, offering you tailored solutions that best match your industry's logistics requirements. With dedicated teams of experts, we ensure that we remain at the forefront of sector developments and constantly adapt our portfolio to your needs.

OIL & GAS SECTOR

The gas and oil industry relies on shipping companies and third-party logistics providers to move complicated freight shipments around the world. Gas logistics usually involves shipments to remote parts of the globe, which can involve shipping heavy gas equipment and following strict safety guidelines. We as Allied Services have been able to provide such services within South Sudan, Kenya, Uganda, Rwanda, Somalia and UAE. We support our clients in the oil sector to move staff, equipment, and other necessary supplies for the sector.

HUMANITARIAN LOGISTICS

Transport plays a key role in mobilizing supplies to help emergency humanitarian assistance reach affected regions. Allied services have to this effect been able to support the humanitarian sector while partnering with both local and international NGOs within and out of South Sudan. Humanitarian logistics encompasses moving goods and equipment, relocating disaster-affected people, transferring casualties, and moving aid, relief workers, and volunteers.

In humanitarian logistics, it is important to determine the feasibility of various forms of transport on the basis of the level of urgency, total costs, and geographical characteristics of affected zones which we as Allied Services is capable of. Around two-thirds of funding in each emergency is spent on logistics, highlighting the need for effective and efficient systems.

CORPORATE SECTOR

Transportation and logistics are critical aspects of development for any country as it ensures the delivery of goods from one place to another. Our Logistics process refers to the receipt, production, and distribution of goods and materials in the customer-requested amounts to their final destination.

Allied services have been able to support the following corporates with transport and logistics locally & internationally.

- Banking & Insurance.
- Pharmaceuticals.
- Architecture, Engineering & Construction (AEC).
- Information Technology Sector.
- Agricultural sectors.
- eCommerce.
- Electrical machinery, vehicles, and motor parts.
- Cold chain.
